Mikko Nummelin

2025-08-14

Basic information

Name: Mikko Ilmari Nummelin

Nationality: Finnish

About me

My education is of M Sc. (Eng) from Helsinki University of Technology and I have multi-decade experience from software development, web development and various database systems. Mostly used programming language has been Java, but I have also experience of Python and JavaScript alongside client and server side libraries using them, for example AngularJS, React.JS, JQuery and Express.

I have a personal GitHub page at:

<https://github.com/mnummeli>

Amongst various things there are some programming and mathematics courses written by me for Worker's Educational Association (WEA/TSL). Links to them are at:

<https://tslespoo.fi/wordpress>

For the former organization, I am one of webpage maintainers, using WordPress for it. Some other hobbies beside programming are chess and gym.

Education

Helsinki University of Technology (1994-2007)

Master of Science (Eng), Technical Physics

Etelä-Tapiola high school (1991-1994)

Matriculation exam 1994
